#### 2. Charges for extra cost optional items

Charges refer to the provision of extra cost activities which is part of an education program and which the contributions do not cover. These amounts can vary from year to year. **Students would only incur costs when they are involved in the particular activity.** The amounts indicated would be the **maximum** for that activity. If a particular event does not occur within the school year **NO** charges for that event would apply. The School Board has approved all charges. The 2021 extra cost optional activities are as follows.
