# THE IMPORTANCE OF ATTENDANCE HABITS IN THE EARLY YEARS

Grovelands  
Primary School

Developing the habit of going to school every day is vitally important so your child does not miss out on important ideas, concepts, knowledge and skills they need for future learning.

Going to school every day helps children learn the important life skill of 'showing up' – at school, at work, to sport and other commitments.

### Did you know?

- In the early years of school, concepts such as literacy and numeracy are taught in a sequence. This means that if your child is often away from school, it can make it difficult to catch up later.
- In order to access the full curriculum and give your child the **best chance of success**, the Department of Education recommends the attendance rate of **95% or above**.
- At Grovelands, our Kindy attendance rate currently sits at 84%. Our Pre-primary attendance rate currently sits at 86%.
- The *School Education Act 1999* requires all enrolled students to attend every day that their school is open.
- The Western Australian Telethon Kids Institute has found that the attendance habits set in Kindergarten and Pre-primary are likely to continue throughout a child's school life, so it is important for them to go to school every day.

### What can you do?

It is an exciting time for the whole family when your child starts school. You can help to make sure they have a positive first experience by providing your child with routines that help them know what to expect and feel secure in new environments. This can reduce their anxiety about going to school and help them develop independence and confidence.
